

# TQ is a global leader in the design and manufacturing of products in the electronics and robotics industries

## TQ is one of Germany's Top 10 Full Service Electronics Companies

TQ manufactures at six locations in Germany (Seefeld, Durach, Allgäu, Murnau, Peissenberg, Peiting and Wetter an der Ruhr) as well as in Fontaines, Switzerland and Shanghai/China. TQ employs approximately 1,300 people with 150 engineers in electronic development at the following locations: Delling, Chemnitz, Leipzig, Durach and Peiting.

## Engineering Solutions

**CEM/E<sup>2</sup>MS I System services:** We design and produce custom electronic assemblies and ready-to-use units to your specifications from concept to the finished product. We also do the design and construction of your switch gear devices.

**EOEM I Standard Products:** TQ embedded modules and Industrial PCs accelerate your time-to-market, and provide the ultimate in design flexibility. We provide modular products and solutions based on the leading MCU architectures, as well as drive systems, industrial and building automation, energy management and other solutions.

## Delivering Completed Products to the Marketplace:

From automation to traffic engineering, TQ manufactures finished products such as ticket printers for public transportation, central fire alarm systems, computer tomography, aircraft cabin controls, fork lift truck controls, medical devices, photovoltaic systems, etc.

## Certified Quality and Dependability

TQ stands for technology in quality, and that reputation is supported by the following certifications:

**Quality Management** ISO 9001:2008

**Medical** ISO 13485:2012 MDD (guideline 93/42/EWG)

**Aviation** ISO 9100:2009

**Automotive** ISO / TS 16949:2009

**Environmental Management** ISO 14001:2004

**Recognized Mark** Recognized by UL

TQ has been awarded several times for its capacity and business development:

- E<sup>2</sup>MS Award 2013: Winner of the category safeguarding the future
- E<sup>2</sup>MS Award 2011: Winner of the category Supply Chain Management
- Electronic Service Provider of the Year: 2009, 2007, 2004, 2002
- Best EMS 2012, 2011, 2010 and 2009: Winner of the Category Competence in Development
- 2015 Frost & Sullivan Manufacturing Leadership Award
